

Helpful Hints Using the MySource Debit Card for FSA

- When using the debit card, you must use the card at locations that either coded “health care” vendors by MasterCard or have implemented the Inventory Information Approval System (IIAS). ***The card will not work at a vendor without that health card vendor code or IIAS status.*** The vast majority of debit card transactions will not require claim submission and substantiation on your part as long as you go to either an IIAS approved vendor or use the card to match up to five times any co-payment for medical or Rx events you incur.
- A handout of IIAS approved vendors is attached, or to view the most current list of certified IIAS vendors which is updated daily, go to: <http://www.sig-is.org/en/index.asp>
- It should be noted that debit cards will continue to be accepted at locations with health care related merchant codes, such as dentists, doctors, hospitals, etc.
- ***Remember to use your card only for eligible goods and services.*** Watch your email for notices regarding use of your card.
- You will have 14 days to provide your paperwork; otherwise, your MySource card will be deactivated until adequate proof has been submitted.

For any questions, call OCA Benefit Services at: (609) 514-0777. You may also call Card Services between 8:00 am to 5:00 pm Central Standard Time at 1-888-523-4308 with questions regarding your account balance.
